door ledge sticks out 7.5"  
but floor molding takes up 1"  
so, bottom layer shelves must be 1" shallower

width of old CD shelves is 59", so our 1st  
stage building plan is compatible.

1 mm = 1"

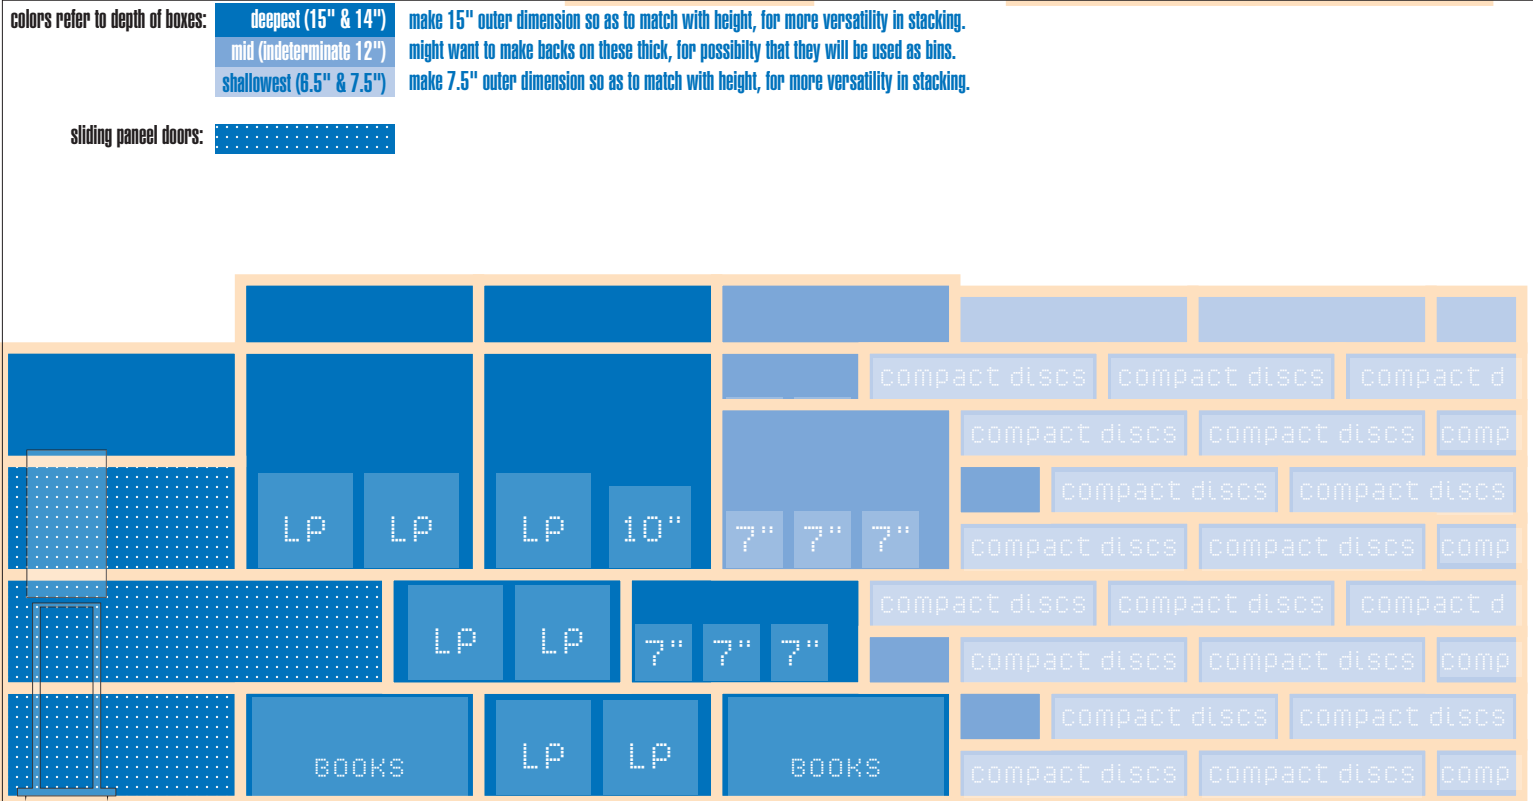

room:  
202.75"  
x 106"

speaker ht.

3 ft, etc

2 ft
